Project Overview in Brief/Bullet Points (Not more than 10 Points) परियोजना का बिन्दुवार संक्षिप्त परिचय (अधिकतम 10 बिन्दुओं में)		
1	The objective is to develop a platform that can enable Government, private and social sector organizations to align their social and commercial goals for the benefit of the rural population in the remotest corners of the country through a combination of IT-based as well as non-IT-based services. It is on PPP model.	
2	The CSC Scheme, is approved by the Government of India and Implementing Agency is MPSEDC Ltd.	
3	CSCs are the front-end delivery points for Government, private and social sector services to rural citizens of India in an integrated manner	
4	CSC Scheme has a 3-tier implementation framework	
5	Local Village Level Entrepreneur (VLE), to service the rural consumer in a cluster of 5-6 villages	
6	Service Centre Agency - to operate, manage and build the VLE network and business.	
7	Four SCAs (AISECT, CMS, RELIANCE, NICT) have been identified for the State of Madhya Pradesh who will implement the scheme in different zones. A total number of 9232 CSCs has to be established.	
8	The National Level Service Agency (NLSA) : Many of the potential citizen-centric services would lend themselves to aggregation at the national level. To enable the State-specific implementation plans to benefit from such economies of scale, aggregation of best practices, content providers, etc., the DIT has appointed M/s I L & F S as NLSA.	
9	The Special Purpose Vehicle (SPV): In addition to the NLSA, an SPV has been proposed for the day-to-day monitoring of the CSC Scheme, in terms of channeling Government support, content aggregation, etc. While the SPV is proposed to be set up during the initial implementation phase of the Scheme, it is essentially an entity created to be an integral part of the CSC	
10	As of date 9178 CSCs has been established
